

## Exploded View

#122-BLUE - SPI Valve

\* Approximate water flow rate of the Float and Valve System with a standard 40-60 psi is 5 - 7 gallons per minute.

*Water Pressure:* Please note the valve is appropriate for water pressure up to 55 psi.

*Note:* If Valve parts are needed, you can purchase the parts listed or the valve itself (#122-BLUE). You can also purchase the complete valve with stem and float (not shown) (#118-BLUE)
